

# Advance on Colts 2023 Schedule

By Jorden Hampton May 8, 2023

The 2023 NFL schedule is set to be released on Thursday, May 11 according to NFL Reporter Ian Rapoport. The schedule will be released at 8 p.m. Eastern time.

Indianapolis begins 2023 looking to erase the damages of the 2022 season. Indianapolis finished 2022 4-12-1.

Indianapolis will play six divisional games against the Titans, Texans and Jaguars.

Indy will also play the NFC South, games against the Falcons, Saints, Buccaneers and Panthers.

Indy plays the AFC North, games against the Bengals, Browns, Steelers and Ravens.

Success in 2023 falls on new Head Coach Shane Steichen. Steichen must pull the team together and earn the trust of the Colts roster. The Colts 2023 team must focus and lock in each week to win on the gridiron.

This article is only an advance with the list of opponents. I will post the Colt's official schedule on Thursday.
